Sea Coast Echo Purchased By Dan M. Russell, Jr.

The Sea Coast Echo is being sold this week to Dan M. Russell, Jr., Bay St. Louis attorney.

Stan Oppotowsky, editor and president of the Bay Publishing Corp., announced that he is leaving Bay St. Louis to take over a larger opportunity.

"Naturally, there are deep regrets at such a move," he said. "But we at the Echo feel we were lucky that the paper is being taken over by Dan Russell. There are many good factors involved, but the greatest is that Hancock County now is assured the Echo will continue to be its only source of independent, honest news served without favor and without whitewash."

Russell immediately announced the appointment of Jeffrey Favre as editor.

The assets of the paper will immediately be transferred to a corporation known as Sea Coast Echo, Inc., composed of Dan M. Russell, Jr., president and Sam L. Favre, Jr., as secretary-treasurer.

Although best known as an attorney, Russell brings solid newspaper experience to the Echo. As a matter of fact, at one time in his youth it was a tossup whether he would become a newspaperman or an attorney.

Now he becomes both. But before that he served as Editor of the Gulfport High School paper, where he graduated in 1931. He was president of the Mississippi High School Press Association that same year.

At the University of Mississippi he was editor of the college newspaper, "The Mississippi Democrat," at the University he was head of the news bureau and served as the correspondent there for the Commercial Appeal of Memphis, the Times-Picayune of New Orleans, the Jackson Daily News and the Clarion Ledger of Jackson, the Associated Press and the United Press.

Jeffrey Favre also brings experience to the Echo. A member of an old family which once operated The Echo, he also served as managing editor and sports editor of the student publication at Southwestern Louisiana College.

Russell announced that all present employees of the Echo will be retained, and that steps will be taken to improve the paper. All persons now subscribing to the Echo will, of course, continue to get it.

The paper officially changes hands August 1, which is this coming Monday.

League of Women Voters To Hold Forum, Aug. 4

The League of Women Voters will hold an Open Forum on August 4 to discuss the City bond issue election to be held on August 9.

The forum will be held at the Bay High auditorium. It will be composed of Mayor John Scaffide and City Commissioners Sylvan Ladner and Cyril Glover.

A detailed discussion of the program which the bond issue involves will be presented. Questions from the floor will be answered.

SAM WHITFIELD SELECTED AS "THE FARMER OF THE MONTH"

Sam Whitfield of North Beach has been selected as the "Tree Farmer" of the month by the Mississippi Forestry Association.

Whitfield received this honor for the many and various improvements that he made on his 2500 acres of timberland and 60 acres of pecans and row crop lands.

Whitfield is following in the footsteps of his father, who was in the saw mill and logging business for the greatest part of his life.

He started purchasing cut-over lands in 1940 and during that same year he began planting slash pine on the open or vacant spots.

Since that time he has planted more than 500 acres of his own properties and has custom planted several thousand acres for neighboring landowners.

Whitfield has helped his neighbors in many ways. His pulpwood crews are instructed to prevent and assist

in supporting all forest fires regardless of who owns the land. He has kept good public relations with all the farmers in the area where his land is located. Cutting practices on all the Whitfield land are followed from instructions by foresters of the International Paper Co., who mark timber for the Whitfield paperwood crews.

The standing rule is to leave the property in an improved condition following any timber cut.

Whitfield plans to continue to use this property for perpetual timber crops and leave it to his children as an estate.

The local man broke into the lumber business with the E. Weston Lumber Co. He worked for the Westons for 10 years, before going into business for himself.

He attributes much of his success to the early training he received from conforming to their strict forest policies and protective measures.

KEN WHITFIELD CHOSEN TO ATTEND GUIDED MISSILE PREVIEW

Kenneth Whitfield, Hancock County Civil Defense Director and Area Director of the Air Force Ground Observer Corps, has been chosen to attend a preview of the United States Guided Missile program at restricted areas in Florida.

Whitfield was one of the two Mississippi men chosen for this assignment. He gained this distinction because he is regarded as one of the top men in this field throughout the Southern States.

Whitfield will be flown to the restricted areas by the United States Air Force. He will be accompanied by a man from North Mississippi.

He will be there for three days.

While there Whitfield will be instructed in the entire operation of the Guided Missile and on the workings of the filter center of Observation Corps.

In the near future Whitfield will be able to teach others interested in joining the Observation Corps some of the things he learned on his visit.

Candidates Give Their Views

In a survey conducted by the League of Women Voters all of the candidates for Board of Supervisor in each of the Beats who answered the questionnaire feel that bond issues should not be floated without a vote of the people.

This was the only question where all the answers coincided in the entire survey of county office seekers.

In the Sheriff's race candidates expressed their viewpoints on the gambling situation in Hancock County.

The answers varied thusly: Fred Currier, "If elected I will be elected by the majority of the qualified voters and therefore will be governed by the majority."

Fred Garner, "If I am elected there will be no organized syndicate or gang gambling in Hancock County."

Wesley Haas, "I believe in the enforcement of the law and especially so where it comes to

so will corrupt the morals of our youth who might be influenced by violations which are not curbed and which are promoted by the lack of law enforcement and the failure of law enforcement officers to carry out obligations with which they are charged."

Sylvan J. Ladner, Jr., "Gambling joints will not be allowed in Hancock County. They already have been removed from the city limits of Bay St. Louis."

Jay Warner, "I will uphold the law."

Other candidates for sheriff did not answer the questionnaire.

In the clerk of courts race there were varied views. Warren Carver said, "If elected I will make a study of the present chancery clerk system and if any improvements can be made I certainly will see that they are made."

Wilson Wehre, "The improvements I will make in the clerk's office if elected will be prompt-

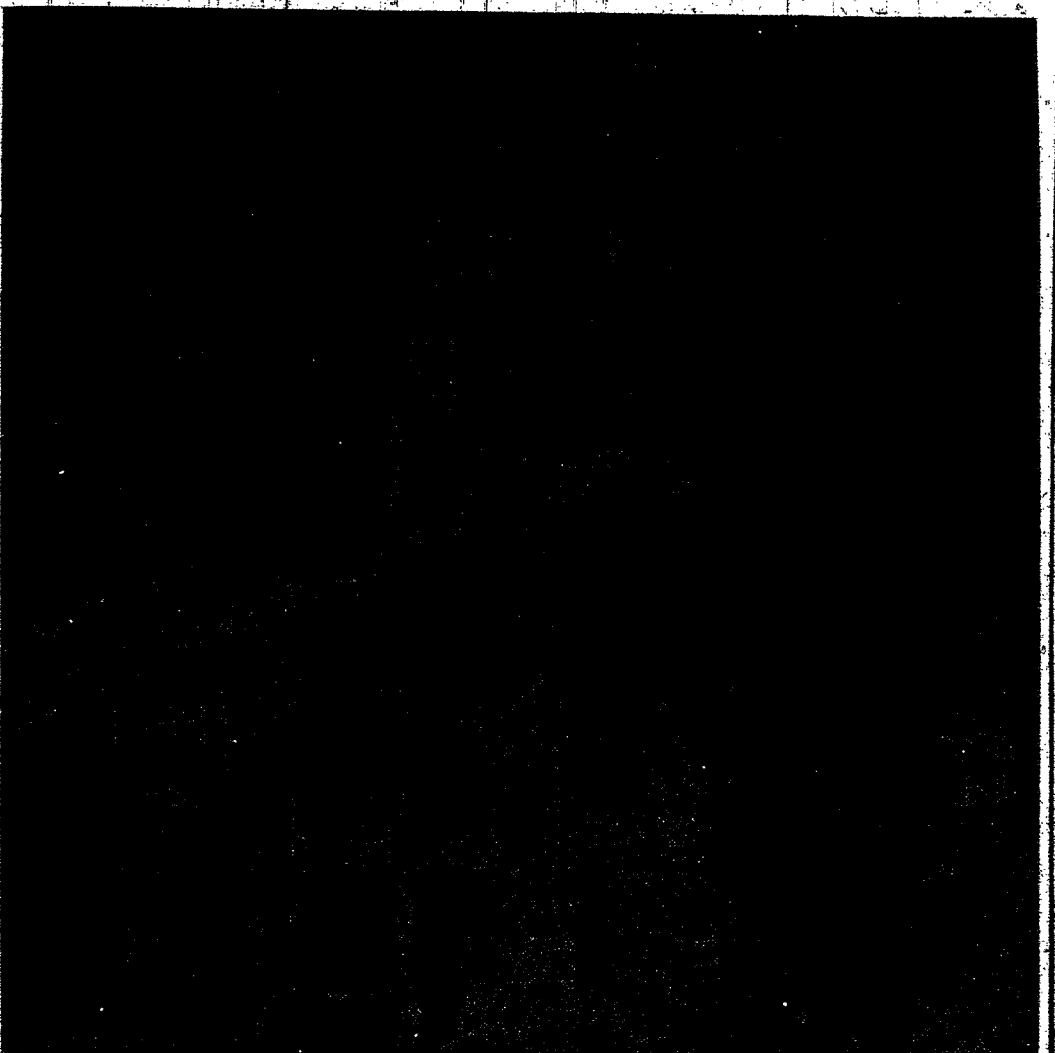

ness, fairness and impartiality."

Oren L. Seal, "I will use the clerk of courts office to work with any interested individual or interested group to induce industry to come to locate in Hancock County, thereby increasing employment and having larger payrolls."

Sylvester Moran, "I will assign a special deputy to handle registration and etc. with full and complete information made available to the public at all time."

A. C. Mitchell, "The present records and administration have been ratified and approved by the circuit judge, the chancellor and the Mississippi state auditing department; however, it is my intention to be on the alert for any improvements that can be found to improve the service of this office to the public."

The League of Women Voters compiled this survey as a service to the voters of Hancock County.

PAUL JOHNSON SPEAKS—Paul Johnson, candidate for governor, speaks to a large crowd in front of the Hancock County courthouse. He is the only gubernatorial candidate to speak in Hancock County during the current campaign.

RE-ELECT BOYCE HOLLEMAN District Attorney

HE COMES FROM A PIONEER FAMILY OF HANCOCK COUNTY

The Holleman family has been closely associated with the history of Hancock County. Moody Holleman settled in the Western part of Hancock County after fighting with Andrew Jackson in the War of 1812 at New Orleans and his son, Jeremiah Holleman, the great grandfather of Boyce Holleman, was born in 1824 in Hancock County both of these pioneers being buried at the Gainesville Cemetery. Jesse Holleman, the grandfather of Boyce, was born in Hancock County and later moved to what was then Harrison County and later became Stone County where Boyce was born and reared.

HE HAS MADE AN OUTSTANDING RECORD AS DISTRICT ATTORNEY

For over two and one-half years, Boyce Holleman has served the people of this County and of this District fairly and impartially at the Bar of Justice. He has shown no favoritism, no bias or prejudice, and has served with a sincere devotion to the duties of his office. Many serious cases have gone up from this county and this District to the Mississippi Supreme Court and to the United States Supreme Court to be affirmed by those Higher Courts. One of these cases, The State of Mississippi vs. Mack Lewis, occurred here in Hancock County. The record that Boyce Holleman has made in handling the criminal business of the court has been a record not only of fair and impartial justice, but also one which has saved the tax payers great expenditures because of the lack of error in the trial of cases requiring them to be tried again. More important, Boyce Holleman has, as District Attorney, stood for the rights and privileges of all our people and has not been dictated to by any individual, clique or clan.

Lets Keep Boyce Holleman He's Done A Good Job!

Paid for by Hancock Friends of Boyce Holleman. Submitted to and approved by Boyce Holleman.

CANDIDATES AND VOTERS BE ON GUARD FOR LAST MINUTE PROPAGANDA!

Always during the last days of a campaign, a few vicious characters start spreading harmful and malicious rumors against the candidates. They feel there is not sufficient time to correct these rumors before the election and so to keep the candidate and voters confused. This is not usually done by the candidates themselves, but by masterminded politicians.

During one windup campaign, a rumor was spread "that I did not like horses and found pleasure in blinding them by shooting out their eyes with a BB gun." This is indeed silly, but yet some people believe it.

One of the most vicious rumors being spread about me at this time is "That I am attempting to have the postmaster of the Clermont Harbor postoffice discharged." He is a nice young veteran who did his duty for his country excellently in the service and is now disabled. These propaganda mongers are attempting to make people believe that I would sink so low as to cause him to lose his position. This young man, as far as I know, has made a very good postmaster and I am certainly not guilty of these false accusations.

Another ridiculous rumor spread among the colored people is "That if I am elected I have promised to appoint one of my chief opponents as a deputy." I will not name the man but I believe everyone knows who he is. This I guarantee will NEVER HAPPEN. I will go further to pledge that I have not made any agreements with any of my opponents.

Another rumor is "That I am furnishing campaign money to candidates in some of the other races." This propaganda is most ridiculous, unfounded and untrue.

So I ask all the people and all the candidates not to be believe this vicious propaganda that will confuse the voting public and cause friction among the candidates.

This has happened in every election and a few smart politicians sit back and laugh at the general public. It is my belief that no candidate will stoop so low as to spread these kind of rumors himself.

I ask the people please do not believe any of this last minute propaganda being spread against me. I only trust that you will be fair to yourself and to me in not believing these last minute rumors.

KENNETH McCARTY ANNOUNCES CANDIDACY AS SUPT OF EDUCATION

To the Voters of Hancock County:

May I take this means of announcing my candidacy for the office of County Superintendent of Education.

I served you as your county Superintendent of Education from 1936 until 1944, a period of eight years.

During this time I feel that I served you faithfully, honestly and capably.

I promise that if I am elected to this position again I will continue to act on your behalf as I have done in the past.

I think my past record speaks for itself. My record is a public record and I invite any voter who wishes to do so, to look into this record.

I am qualified by experience in the field of education. I hold a B. S. Degree from Mississippi State College, which I received in 1931. I have worked for the past two summers on my M. A. Degree at Mississippi Southern College. I am the holder of a certificate

from the State Department of Education, qualifying me to hold the office of Superintendent of Education.

This educational background coupled with my teaching and administrative experience in the Superintendent's office makes me thoroughly qualified to guide this important office in your county.

If I am elected to serve you in this capacity, I will co-operate with all county officials and the Hancock County School Board to carry out the best school program possible for our county.

With the co-operation of the School Board, I propose to do the following things:

(a) Install heaters on all school buses.

(b) Have the brakes inspected on all the school buses at the end of each school month.

(c) Appoint a full time elementary supervisor.

(d) Appoint a full time teacher to work with the colored teachers.

(e) Establish a guidance school program for all youngsters from 16 years of age.

(f) Cooperate with the Health Department of the County.

(g) Cooperate with the County Agent and the Soil Conservation Department to help them promote and carry out a good program, in these fields.

(h) Cooperate with the Welfare Department in any way possible.

(i) Assist principals in the County in organizing Boy Scout Troops.

(j) Cooperate with County officials in bringing industry to the county. All the county officials form a team and we have to pull together at all times, not against each other.

(k) I will serve in the future as I have in the past. I will make you an Honest, Capable, Competent and Qualified Superintendent of Education.

I will deeply appreciate the co-operation of all the citizens of Hancock County in helping me to carry out my program.

Your vote and influence will be sincerely appreciated.

Sincerely yours,

Kenneth McCarty.

CANDIDATE FOR SUPERVISOR BEAT NO. 5

We all know that the Office of Board of Supervisor is now a big business and it should be first in importance to each tax payer. I believe that a man should give it his full attention and if I am elected I will be able to give the office my full time as I have no other business to look after. I am running strictly as an independent Candidate and I will represent all people with special favors to none. I am interested in good roads, proper and adequate drainage, modern schools and up to date hospital and anything also pertaining to the progress and welfare of our County which we can afford. I will make you one definite promise and that is to give an honest, constructive, economical and efficient administration and that I will see that you get full value for every tax dollar spent. Remember that I am your servant and that I will be at your command at all times.

★ E. B. (Boyd) Golding is 40 years of age, and in the prime of life.

★ Graduate of Holmes Junior College, B. A. degree from Mississippi College in Government, Master's Degree from Mississippi State College in Administration.

★ 14 years successful administrative experience in schools, county and state governments.

★ Endorsed by all elected officials of Webster and Yazoo Counties, where he was born, reared and now lives.

Since the duties of the State Auditor have almost been doubled under our new Education Program, it seems only fair to tell you that my only opponent is 79 years of age, a retired State employee, and is now drawing a pension of \$210.00 per month from the taxpayers. This includes state retirement and social security.

I feel that the people of Mississippi need an official who is young and able enough to do the job.

This Is It

Come Tuesday, and the people of Hancock County have the opportunity to regain control of their government.

They are faced with two choices:

One, they can elect a bunch of political hacks, who will run the county for personal gain.

Or, two, they can elect honest, independent candidates who will drive the county forward with progress and integrity.

Those are the only choices, and you have the secrecy of the voting booth in which to make your choice. You will be cajoled wheedled and even threatened. But that's all ballyhoo. Those are the cries of drowning men. You mark your ballot as you wish in that booth, because that is your basic privilege as an American.

If you give that away, for money or for anything else, you're selling your soul down the river.

So many times conversations start out, "If only we could get some good government in this county, we could."

Well, Tuesday you have the chance to get some good government. There are some honest, independent men running against the mob in four of the five beats.

Some of your elected officials have served you well in the past four years.

But some have laughed in your face. They have tried to float bond issues without elections. They tried to block petitioners' elections. They tried to kick voters from beat to beat on a political whim. They blocked a federal hospital and promised a county hospital instead. Where is it?

These are facts—not just words. These are the deeds of the men who feel the county is run for their benefit, and the taxes are their personal property.

These are the men to think about in that voting booth.

30

The present editor of the Sea Coast Echo is leaving for bigger opportunity, and this is, indeed, a sad move. It is balanced only by the knowledge of the capable hands into which the paper moves.

There will be some who rejoice at our leaving. The politicians who don't want news in the newspaper should save their rejoicing however. The Echo will continue to be your only source of Hancock County news, news printed as it happens, and printed completely without the whitewash which others practice.

Why do we go? For bigger opportunity solely. There are other rumors, of course. (One of the town's more notorious gossips has said the bank foreclosed the mortgage, but, alas, the truth is the bank never has had a mortgage to foreclose.) The rumors are all false. They will be started by people who oppose honest news and by their prattling underlings who follow the dirt with a bucket of whitewash.

To Hancock County we say goodbye - good luck - and many thanks. And to the political hacks who want to live under a rock we say, nothing can help you now. The white light of the free press will burn you to a crisp.

A Message On Segregation to the

MOTHERS
OF MISSISSIPPI

Do you want to be sure that your boys and girls can continue to attend segregated schools, swimming pools, picture shows and other public places—as they now do?

NAACP action to force open schools to negroes has already started in Vicksburg, Clarksdale, Natchez, and Jackson are next on the list.

Efforts to enforce the U. S. Supreme Court order to end segregation in our schools are right on us—here and now.

The "National Association for the Advancement of Colored People" (NAACP) is organized in Mississippi, has plenty of money, and means business. A petition by negroes to end segregation was made last week on the school board in Vicksburg, and they say that Clarksdale, Natchez, and Jackson are next on their list.

The head of the NAACP in Mississippi, in a report carried by state newspapers said "we plan to file similar petitions in all sections of the state, in city and county, until Mississippi is saturated with petitions."

The NAACP head called Fielding Wright the leading "foe of integration".

The NAACP is trying to use the school door as a way to destroy all of our segregation laws. The NAACP not only wants integrated schools but would use our schools as the opening wedge to completely intermingle the races. Fielding Wright saw this danger early, and in 1948 he took the lead in the fight for States' Rights—the right of any state to manage its own internal affairs. He made a great fight in 1948, but with few exceptions, Southern politicians were afraid to join with him.

His opponents in this race for Governor did not raise their voices to help. They either were ignorant of what was going on or else were afraid to join in the fight.

Because of his courageous stand, Fielding Wright is the only candidate in the race for Governor whom Northern radicals and "Mix-i-crats" say MUST be defeated. They fear and hate him because he stands in the way of their plans to wreck our way of life.

TODAY—Fielding Wright is the only candidate with a practical plan to keep our segregated schools and protect our school boards and trustees from contempt of federal court actions.

Fielding Wright will ask the Legislature to use its Constitutional rights to maintain the Mississippi law enforcing segregation as necessary for public order, welfare and safety.

Acting under this specific order, Fielding Wright, as Governor, will stand between all School Trustees and School Boards and efforts by Federal Courts to punish them for obeying the Legislature. If anyone is to be held in contempt of Federal Court it will be Fielding Wright.

The Supreme Court will have to remove

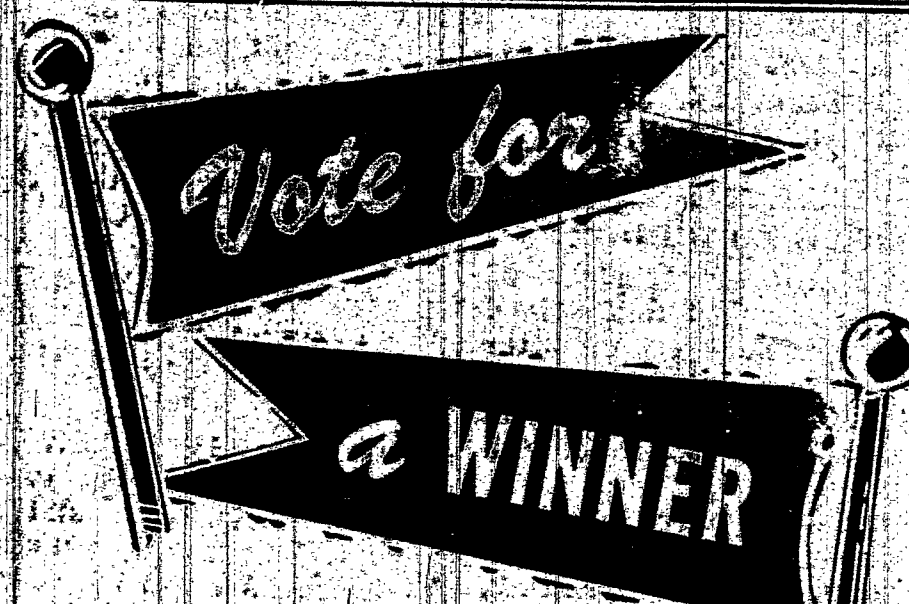

Mississippi's Governor from office and abolish the power of the Mississippi Legislature in order to enforce its order on segregation. They'll never be able to do it!

Mississippi has plenty of lawyers, judges and courts. What it needs, in addition, is a courageous, experienced man in the executive branch of government to deal with the problem. Fielding Wright has demonstrated that he has the courage and the experience—more experienced in government than all of his opponents put together!

HONEST

SYLVAN J LADNER JR SHERIFF

HE IS HONEST

Sometimes the current campaign has been bitter. But at no time has anyone ever dared to question Sylvan J. Ladner's honesty. That is an established fact. During his two administrations in the City of Bay St. Louis the businessmen and citizens of our community have known that they were free from shakedowns and threats. They have known that Sylvan J. Ladner's decisions are based on his conscience, not on his pocketbook. They have known that he is a man who will always listen to reason, but never will listen to a bribe. His performance in Bay St. Louis has been outstanding working with an honest and efficient administration, he helped pull the city out of the red and has been instrumental in a great number of improvements with no increase in City taxes. You want an honest Sheriff. You NEED an honest Sheriff. Sylvan J. Ladner, Jr., will be an Honest Sheriff.

HE IS EXPERIENCED

The sheriff's office is the cashier of the County. You want an experienced man handling all your tax money. A lot of fellows might be all right as sheriffs so far as crime work is concerned, but they would be lost trying to handle all that money properly and efficiently. Sylvan J. Ladner, Jr., has the experience. He is Commissioner of Finance of the City of Bay St. Louis. He has handled the city's money in an admirable fashion. That is the kind of experience he will carry into the sheriff's office. He has operated such city projects as the natural gas division and the water works, and consequently can place business methods in the sheriff's office.

**NO OTHER CANDIDATE IN THE RACE
CAN MATCH THIS EXPERIENCE**

Honest

HERE IS SYLVAN J. LADNER, JR.'S PLATFORM

1. Make and mail annual tax statements to the taxpayers in order to offer promptness and efficiency in the payment of taxes.
2. Have a paid night jailer.
3. Have an ample number of deputies, but not over seven, each deputy to be equipped with wave radio and subject to 24 hour call.
4. Guarantee there will not be any speed-traps operating on our public Highways.
5. Guarantee rackets and skin games will not operate in Hancock County.

An HONEST, EXPERIENCED and FAIR official deserves promotion. In your private business you promote those employees who serve you best. Let's promote public officials who do a good job, and you will have good officials and good government.

HE IS EFFICIENT

When you charge something at a store, you get a bill in the mail. That is efficiency. You do not have to go up to the store and ask them how much you owe. That is efficiency. Sylvan J. Ladner, Jr., helped put the City's tax collection on an efficient basis, and now he will put the county tax collection on the same efficient basis. He will mail bills when your taxes are due, so you will know what you owe and when you owe it. You will not have to worry about going down to the courthouse to find out. As a matter of fact - while you will always be welcome - you will never have to go into the sheriff's office at all.

An efficient staff will permit you to do all your business by mail and telephone. No more standing in line. . . No more waiting. . . that is Ladner's efficiency!

HE IS FAIR

Sylvan J. Ladner, Jr., always has been a fairman. The city employees will tell you that. He helped get them three pay raises in 6½ years. He did not take a single penny for himself. He is still making the same salary as when he was first elected 6½ years ago. Throughout this campaign Sylvan J. Ladner, Jr., has said one thing. "If you do not vote for me, that is your privilege. Just don't lie about me. Just tell the truth. That has been the Ladner platform all the while - the truth. He has said he will not permit rackets, speed traps and skin games to operate in the county and he means it. If you are a racketeer, you had better vote for somebody else. But if you are an honest, independent citizen, then Sylvan Ladner, Jr., is your man. He has the experience and the qualifications for the job. He has served Bay St. Louis well. Now promote him to Sheriff and Tax Collector, where he can do the entire county good.

TO THE VOTERS OF BEAT FIVE --

Tuesday you go to the polls to practice your most sacred right as a citizen of the United States of America. The right to vote for a candidate for public office.

This is a right denied many millions of people thru-out the world in the Communist-ruled countries. But here in America we have a democratic form of Government.

A Government created by the people and not by a few individuals who have a complete stranglehold on their nation.

In America it is left up to the people to decide who will rule their government; who will enforce their laws and who will dispense justice through the courts of law.

Yes, this is your right, so by all means don't shirk it.

Go out on Tuesday and cast your vote for the candidates of your choice. It is most imperative that you vote as your conscience tells you and not as someone else tells you.

We must be independent with our vote.

Think carefully before you choose, then select with wisdom.

If you do this you will never be sorry. That way we will have a good, clean and honest government here in our home county as well as in our state and nation.

You make the final decisions on who will rule. So decide--then vote.

Sincerely yours,

WHAT WILL WARNER DO FOR THE POOR? PLENTY

WHO'LL GET ALL THE MONEY?

When Jay Warner announced his campaign for sheriff and tax collector of Hancock County, he promised that fifty per cent of the proceeds of the office will go back to the poor. Some people laughed. We can understand that. For years the politicians of this county have worried about themselves and nobody else. But Warner means what he says. When he takes oath of office in January, the poor will be taken care of. There's plenty of money. That office takes in thousands upon thousands of dollars a year. It doesn't cost that much to run. Warner will give half of it back to the poor.

WHAT ABOUT THE SPEED TRAPS?

When deputies are riding up and down the highways, looking for speeders, they are helping only themselves. They don't help the highway situation any. They don't help the people of our county. They just shove the money into their own pockets. Then when the poor people and the business people of the county need protection, where are the deputies? Out on the highways, as usual. Jay Warner will stop that. Jay Warner will tell his deputies to keep away from speeders. That's the job of the Highway Patrol. Warner's deputies will patrol the county only to protect life and property. Warner's deputies won't be arresting drunks and bums either. Let the barrooms take care of the drunks if they want to stay open. They got 'em drunk. Let them get 'em home.

WHAT ABOUT THE COLORED PEOPLE?

When Jay Warner is elected sheriff, the colored people will get a fair break. I will hire 2 colored deputies to handle their own problems. One will be in Bay St. Louis. The other will be in Pearlinton. They can handle the county that way. The colored people know that Jay Warner is sincere when he promises to give them a fair break in Hancock County. They are entitled to it.

WHAT ABOUT THE PERSONAL TAX?

That's a racket they've been working around here for a long time. You go buy your automobile license plates and what happens? They make you pay a personal tax, too. That's something extra. They have no business ramming that down your throat. Jay Warner will stop that. When you come into my grocery store to buy a loaf of bread, you get a loaf of bread. We don't make you buy a can of sardines, too. It will be the same at the sheriff's office. When you go in to buy your license plates, you'll get license plates and that's all. Nobody will try to make you buy an extra tax.

WHAT ABOUT THE GAMBLERS?

Why should they get a free ride? Why should they get rich while so many of our people remain poor? Maybe they do kick in to a few politicians. But who does that help? Only the politicians. When Warner is elected sheriff, the gamblers will kick in a chunk of their winnings. That will go to the poor. That will help the entire county reap the rewards and not just a few well-fed characters who don't give a darn for the poor.

Remember. Jay Warner is the poor man's friend. When you go to the polls this Tuesday, elect Jay Warner your sheriff and tax collector. He will take care of you - not just himself. Jay Warner solicits the vote of every person in this county. You have everything to gain. The sheriff's office belongs to you. Let Jay Warner run it your way.

ELECT JAY WARNER HANCOCK COUNTY SHERIFF

THE POOR MAN'S FRIEND
